Rhododendron

Goldprinz

Hans Hachmann | Gold medal 2003, IGA Rostock

‘Goldprinz’ is a very multifaceted rhododendron. Coppery-bronze buds open up in early season, to bright, golden flowers with a red eye, then fade to a pale yellow.
This well behaved, compact plant has medium size dark green foliage that is full of substance, forming the perfect backdrop for its stunning flowers.
Best in partial shade, with well drained, humitic soil, and regular water.
Pollinator friendly.

Common Name
'Goldprinz' Rhododendron

Variety
Goldprinz

Zone
Zone 5

Mature Size
2.5'H x 3'W

Bloom Time
May

Plant Type
Evergreen Shrub
