Gardenia jasminoides

Summer Snow®
PP#22,797

Doug Torn | Royalty Fee

With over 10 years of development and test studies, SUMMER SNOW® was grown to be a sturdy breed of Gardenia with greater resistance to cold climates. 'Summer Snow'® bears beautiful, pure white, waxy, double flowers. Heady, sweet fragrance starting in late May. A profusion of sweetly-scented, snowy white flowers, amid dense, glossy green foliage make this hardy evergreen an elegant addition to the garden.

SUMMER SNOW® thrives in neutral to acidic soil, prefers iron and higher fertility, and is drought tolerant. Its vigorous, symmetrical habit lends itself equally to use in borders, beds, en mass, and as a specimen.

USPP22797

Common Name
Cape Jasmine

Variety
'BAB1183'

Zone
Zone 6

Mature Size
5' x 5'

Bloom Time
Late May to September

Plant Type
Evergreen Shrub

Flower Color
White
