Gaultheria procumbens

Cherry Berries®
PP#29,093 CPBR5580

Gurjit Sidhu | 2016 Farwest Retailers Choice Award

Cherry Berries® features glossy evergreen foliage that turns merlot in the cool of Winter. Delicate, bell-like white flowers in Summer, followed by plentiful, showy, exceptionally large berries, Fall through Spring. Excellent in mixed containers (especially for the Holidays!), but great as a hardscape groundcover. Best in partial shade, in humitic, well drained soil. Pollinator & wildlife friendly.

Common Name
Wintergreen

Variety
'Gaulsidh5'

Zone
Zone 3

Mature Size
10"H x 3'W

Bloom Time
May-August

Plant Type
Groundcovers

Flower Color
White
