

Festuca glauca

Elijah Blue

'Elijah Blue' has soft, powdery blue, spiky foliage that keeps its color year round. Very durable and longer-lived, 'Elijah Blue' is a small, clumping grass with a rounded habit. Adding yet another dimension, wheat-like seed heads are produced on tall, spikey stalks, in early Summer.

Festuca prefers dryer well drained sites, and is very drought tolerant once established.

Full sun or light shade.

Wildlife tolerant.

Common Name

'Elijah Blue' Blue Fescue

Variety

Elijah Blue

Zone

Zone 4

Mature Size

1'H x 1'W

Bloom Time

May -June

Plant Type

Grasses

Flower Color

Blue to Blond
