

Ilex Glabra

Shamrock

 Pennsylvania Horticultural Society Gold Medal Plant Award Winner

Shamrock' is a compact rounded cultivar, staying smaller & suckering less than the species. It has bright, glistening, new foliage, this and makes an excellent hedge or border plant. The dense twiggy habit displays an abundance of black berries through Winter.

Very tolerant of a wide range of conditions: heat, drought, sun, & shade.

Prefers regular water.

Wildlife tolerant.
