

Pachysandra Terminalis

Green Sheen

Japanese Spurge is a very sturdy and widely planted groundcover. Plants spread to form a thick, durable patch of evergreen leaves. This selection has extremely glossy foliage, is a little more petite and a bit more heat tolerant than the species.

Best in partial to full shade and not picky about soil.

Drought and wildlife tolerant once established.

Pollinator friendly.

Common Name

'Green Sheen' Japanese Spurge

Variety

Green Sheen

Zone

Zone 3

Mature Size

.5'+H x .5'W

Bloom Time

April-May
