Rubus

Marion

‘Marion’ is a blackberry/raspberry hybrid. It is trailing & thorny, but prized for its mouthwatering sweet fruits.
Sparse, long canes bear white flowers in Spring, followed by a heavy crop of plump dark red to black berries in early to mid-Summer. Their small seeds and robust flavor make them a favorite for eating and preserving.
Full sun & good drainage for the best fruit.
Pollinator & wildlife friendly.

Common Name
Marionberry

Variety
Marion

Zone
Zone 6

Mature Size
6'+H x 5'+W

Bloom Time
April-May

Plant Type
Fruits

Flower Color
White
