

Sarcococca Humulis

# Fragrant Valley

 Sidhu & Sons Nursery

'Fragrant Valley' Sweet box is a beautiful low shrub that thrives in shade and humus-rich soils. In the early spring delicate fragrant flowers contrast with their broad glossy green leaves. 'Fragrant Valley' is the most cold hardy form of Sarcococca and grows 18"-24" tall. This slow grower spreads by suckering and has narrower longer leaves than other forms of the species.
