

Thuja Standishii x Plicata

Green Giant

U.S. National Arboretum

The Pennsylvania Horticultural Society Gold Medal Plant Award, 1998.

'Green Giant' is a very vigorous, pyramidal evergreen, with rich green color maintaining throughout its hardiness range.

'Green Giant' is a fine substitute for Leyland cypress. Good in the full sun, but appreciates some relief in the warmest climates, along with regular water. Not terribly particular about soils but prefers well drained.

Somewhat drought tolerant after establishment.

Common Name

'Green Giant' Arborvitae

Variety

Green Giant

Zone

Zone 5

Mature Size

60'H x 20'W

Plant Type

Conifer
