

Vaccinium Corymbosum

# Legacy

'Legacy' produces a heavy crop of medium to large berries in the late season. Mid chill hour requirement. Their flavor has been described as robust and is consistently rated high in blueberry trials. Foliage goes a beautiful crimson when Fall temperatures drop.

Best fruiting when interplanted with other Northern Highbush varieties such as 'Jersey' or 'Liberty' Full sun, acid soil, with regular water and fertility. Very wildlife & pollinator friendly.
