

Wisteria frutescens

Amethyst Falls

‘Amethyst Falls’ is perfect for smaller spaces! This eastern US native, gorgeous twining vine grows significantly slower than Asian Wisteria. It blooms fragrant purple racemes Spring into Summer, at an early age, and works equally well for patio containers, arbors, or a small, free-standing tree. Full to partial sun, in well-drained soil. Relatively drought resistant once established. Very pollinator friendly.

Common Name

American Wisteria

Variety

Amethyst Falls

Zone

Zone 5

Mature Size

25'H x 25'W
