

Vitis vinifera

# Monukka

 Royalty Fee

'Monukka' is a vigorous, deciduous, woody, vine, with bold-textured, green foliage. It is grown for its large clusters of black, large-sized fruit, with thin skin, and crisp, sweet flavor. Great for fresh eating & drying.

Ripens early to mid-season.

Best fruiting in full sun, in well drained soil, but tolerates light shade & heavier soils. Good drainage is a must, and protection from harsh winds.

Relatively wildlife & drought tolerant after establishment.

Very pollinator & wildlife friendly.
