

Azalea

Petticoat

 Holger Hachmann

'Petticoat' has ruffled, dark pink, hose-in-hose flowers in proportion to its medium leaf size. The bloom season is later and longer than many evergreen azaleas, the end of May to mid June. Best flowering in full sun to light shade, with acidic, well drained, humitic soil. Enjoys regular water. Pollinator friendly.

Common Name

'Petticoat' Evergreen Azalea

Variety

Petticoat
