

Acer Palmatum

Waterfall

'Waterfall' Japanese Maple displays beautifully cascading branches with large, finely cut green leaves and golden Fall color. Small, purplish-red flowers are rather inconspicuous unless you are close up. It is a choice tree for small gardens and containers. Fairly sun tolerant, but will need some relief in the hottest locations and warmest climates. Prefers well-drained but moist, humitic soil. Pollinator friendly.

Common Name

'Waterfall' Cutleaf Japanese Maple

Variety

Waterfall

Zone

Zone 5

Mature Size

10'H x 12'W
