

Rhododendron

Cody

 Jim Barlup

'Cody' blooms mid-season and has gorgeous, ruffled, bright, orangey-pink flowers, with a lighter pink throat and orange spots in the back lobe. Thick, dark green leaves, form the perfect backdrop for this stunner.

Prefers filtered to full sun, but would appreciate some relief in warmer climates. Humitic, evenly moist, well-drained, evenly moist soil is best.

Fairly wildlife resistant once established.

Pollinator friendly.

Common Name

'Cody' Rhododendron

Variety

Cody

Zone

Zone 7

Mature Size

5'H x 5'W

Bloom Time

April-May

Plant Type

Evergreen Shrub
