

Daphne x

# Perfume Princess™

2016 Plant of the Year, Australian Nursery & Garden Center Industry Association

Royalty Fee

'Perfume Princess' blooms early and long. Deliciously fragrant white flowers emerge in Mid-Winter and continue through Spring. Blooms along the stem as well as at each branch tip.

The plant maintains a dense upright bush shape with glossy green pointed leaves. Good disease resistance.

Un-fussy, grows almost anywhere. It'll grow in any soil but prefers soils that are slightly acid and free draining.

Common Name

**Daphne**

Variety
