

Rhododendron Hybrid

Holden's™ Series

 Holden Arboretum

Rigorously tested and selected for their resistance to Phytophthora cinnamomi, these striking new Rhododendron are both highly ornamental and cold hardy to USDA zone 5 (H1). All five cultivars maintain a similar compact habit, with a mature size of just 3-4'H x 3-4'W at 6-8 years. As an added bonus, all plants set buds at a young age.
