

Pieris japonica

Mountain Fire

AGM Winner

Probably the most widely grown of all the pieris cultivars. The reason is the flaming red new growth, which is abundant in spring, with a less dramatic but no less welcome flush in late summer. White flowers in early spring. AGM winner. 6-8' x 4-6'.

Common Name

'Mountain Fire' andromeda

Variety

Mountain Fire

Zone

Zone 5

Mature Size

6-8'H x 4-6'H

Bloom Time

Early Spring

Plant Type

Evergreen Shrub

Flower Color

White
