

Choisya ternata

Sundance

Sundance has bright chartreuse to golden-yellow leaves that contrast older, green leaves. Fragrant, orange blossom-like blooms start in late Spring and continue through the Summer.

Plants look their best when protected from the hot afternoon sun and are well drained.

Drought & wildlife resistant once established.

Common Name

'Sundance' Mexican Orange

Variety

Sundance

Zone

Zone 7

Mature Size

5'H x 5'W

Bloom Time

Spring through Summer

Plant Type

Evergreen Shrub

Flower Color

White
