

NEW VACCINIUM *from* BRIGGS!

Introducing Vaccinium Cabernet Splash 'VacBri1' PPAF CPBRAf

Developed by Briggs Nursery, no other Vaccinium offers this incredible, cabernet-colored foliage. Each leaf is unique. With its contrasting dark leaves, Cabernet Splash makes a hot garden, cool!

- Developed by Briggs Nursery
- New foliage emerges a dark, deep, cabernet color, then mottles dark green as it matures
- Abundant crop of medium-sized delicious berries
- Specimen or mass planting; excellent paired with lighter colored or textured foliage plants
- USDA zones 4 to 8
- Vigorous grower; 4' x 4'
- Full sun; acidic soil
- Pest and disease resistant
