- Repeat bloomer (flowers Spring to Fall)
- Dense and compact

Colby's Wishing Star

'Colby's Wishing Star' is the offspring of Syringa x 'Josee'. It was selected by Frank Moro of Select Plus International Lilac Nursery, and named after his son, Colby, who was born with Down syndrome. 'Colby's Wishing Star' delights with re-blooming, fragrant pink flowers from Spring to Fall. Its compact habit and good disease resistance make 'Colby's Wishing Star' ideal for the smaller home landscape and commercial applications alike. Excellent planted in beds, borders, or en mass.
