

Arctostaphylos 'Emerald Carpet'

Briggs Nursery has beautiful *Arctostaphylos* 'Emerald Carpet' available in L2 size. This evergreen groundcover is drought tolerant and verticillium wilt resistant, with glossy green leaves and red stems. It blooms mid winter to early spring and produces little red berries. 'Emerald Carpet' grows best in well-draining soil and full sun to partial shade. USDA hardiness zones 7a to 10b, and a great groundcover for the California climate!
