

Arbutus 'Marina' Strawberry Tree

Briggs Nursery currently has a great crop of *Arbutus 'Marina'* L2s. These evergreen trees have exfoliating red bark and beautiful rosy bell-shaped flowers that become strawberry-like fruits.

Arbutus 'Marina' is drought tolerant once established. '*Marina*' grows best in full sun with well draining soils. In agreeable conditions, '*Marina*' can grow up to 25 feet by 25 feet. Hardy in USDA zones 7 to 9.

Shrub form available in May, pre-order today. Also check out our selection of *Arbutus unedo*, '*Compacta*', and '*Octoberfest*'.
