

## Azalea 'Garden Rainbow'

Brand new to Briggs! This spectacular new deciduous azalea creates a stunning, tri-color floral display in the landscape. Bright yellow flowers appear in June, then individually turn orange and pink as they mature, with all three colors appearing at once. Green, mildew resistant foliage on a wide, upright shrub provides a lovely backdrop to the colorful blooms. Plant in full sun to partial shade, in acidic soil that is well draining. Hardy to zone 5.
