

Phormium 'Jester'

Phormium 'Platts Black'

Phormium 'Amazing Red'

Phormium

Often called New Zealand Flax, this hardy, evergreen perennial is known for its large, colorful, sword-shaped leaves, arranged in upright clumps. Versatile and easy to care for, Phormium comes in a myriad of solid and variegated colors, is highly salt-tolerant, and thrives in full sun to part shade. Use Phormium to bring tropical flare to the garden as a specimen, along borders, or in large planters.

USDA Zone 8
