

**VACCINIUM VITIS-IDAEA**  
**PP#22,105**

# Red Candy®

**BERRIES ARE LONG LASTING  
& PLENTIFUL! A GREAT WAY  
TO ADD COLOR & TEXTURE  
TO FALL PLANTERS.**

**Vaccinium vitis-idaea 'Red Candy' PP#22,105** is the delicious lingonberry you have been searching for, as it bears fruit earlier and more profusely than other selections! Its scarlet berries work great in jams, pies, crepes and other tasty treats, or simply enjoy them straight off the plant. A north American native for all to enjoy!

'Red Candy' is very winter hardy, and maintains a compact habit, growing to just 8-inches tall by 10-inches wide. Best grown in partial shade to shade, in moist but well-drained, acidic soil, that is rich in organic matter. Makes an excellent fruiting container plant as well.

- Hardy to USDA zone 2
- Flowers and sets fruit early
- Masses of red berries that remain on the shrub for a long time
- Compact habit; evergreen shrub forms a low carpet
- Excellent fruiting container plant
