

Hakonechloa macro 'Hakbri1'

USPPAF, CPBRA<sup>TM</sup>

**LEMON**  **Zest!**

*Streaks of soft ivory, lemon, and buttery yellow on a background of creamy chartreuse give this brand new, shade loving Hakonechloa a truly unique look.*

Lemon Zest<sup>TM</sup> is the airiest Japanese Forest Grass available! Tri-color variegations of chartreuse, lemon and cream add spectacular color and texture to lower light areas. Waves and rustles in the wind and adds a soft, flowing feel. *USDA Zones 5 to 9. 12-14"H x 18-24"W.*

*For a complete list of available sizes and pricing, please call.*
