

Hakonechloa macra 'Hakbri2'

LIMETM
Zest!

Our Brand New Japanese Forest Grass!

Our light and airy Japanese Forest Grass features variegated blades of creamy green streaked with zesty lime and emerald, on contrasting magenta stems. LIME ZESTTM gently waves with the slightest breeze, adding dimensions of movement, texture and color to lower light areas and shade gardens, especially when planted en masse. 1-1.5'H x 2'W; Zone 5.
